IMPORTANT REMINDERS & ONSITE TIPS

- Theme Park Tickets must be picked up at your hotel upon check in.
- Standard transportation services only take cash in Euros if not prepaid & **specifically states on your confirmation that payment has been taken & confirmed**. Please note, we have learned it's about \$100 to take a taxi from Charles de Gaulle Airport to Disney. Magical Shuttle advanced registrations are recommend.
- Currency exchange outlets are not open early in the airport & currency exchange fee is very high at Disney & train stations. We recommend that BEFORE YOU LEAVE you handle all of your currency exchange needs.
- Laundry valet is very expensive & the only coin laundry is at the Cheyenne. (Euro coin)
- Tipping is not customary in Paris but saying "thank you" is.
- Purchases inside the park can be delivered to your hotel for no extra fee.
- For information regarding airport and event transportation please visit www.gettravel.com/disneyland-paris-transportation-options/ or see page 10 of this guide.
- Bring an adapter or two for all electronics. France has different size plugs and voltage.
- Contact your bank and notify them you will be traveling internationally so you have access to funds. Make sure your credit card will work in the country you're visiting. European banks and merchants have switched almost completely to the more secure chip-and-PIN technology, and fewer businesses abroad are accepting the outdated magnetic-strip cards.
- Should you plan to use your cell phone or tablet while abroad, be sure to contact your cell phone provider to ensure your device plan has the capability.
- Pack all medications in your carry-on luggage. There are no Mini Fridges or Microwaves in rooms so any medication that needs to be cooled or heated up will need to be stored in the baggage claim section of the hotel.

It must have been delivered less than one year before the race day and must include “no contraindication to the practice of running in competition”. License or health certificate will be asked during the distribution of the bibs. Download a health certificate template

According to French law n°99-223 relating to the protection of athletes' health and the fight against doping, all the runners, French or foreigners, must prove their aptitude to participate in running competitions with a medical certificate from a doctor.

All half marathon runners must provide a medical certificate when you pick up your race number at the Expo on September 21, 22 or 23, 2017. Please remember: if you forget it, or if the wording on it is incorrect, Disney Paris will not be able to issue you with your race number.

You will also have to present your official validation of registration (which you will receive by email a week before the event) and proof of identity at the Expo.

No race numbers will be sent by mail. No race numbers will be given on the day of the race.

All race registrations require a completed health certificate, including a doctor's signature and stamp, to be submitted directly to Disneyland Paris to be confirmed.

There will NOT be a doctor on-site to complete your Medical Certificate. If you do NOT have your Medical Certificate, with required signature and stamp, completed and submitted electronically by August 30, 2017, you will not be eligible to participate.

Insurance Policies

Personal Insurance Policy:

As per the French legislation (Art. L321-4 of the sports code), it is compulsory to inform runners in regards of the Personal Insurance Policy : Personal insurance: most usual insurance (guaranteed via credit cards, insurance,...) excludes any participation in a sports competition and therefore the risks associated with your participation in the races of the Disneyland Paris half-marathon weekend. It is important that you check the guarantees and exclusions of your potential personal daily insurance, and if appropriate, subscribe an individual insurance which covers the risks.

This subscription is optional but highly recommended, to the extent where it is the only one to offer participants in a physical activity and sport, a warranty for damage they cause to themselves or when perpetrators are not found. It will intervene in addition or absence of any current insurance. It can be done with the insurer of your choice.

General Liability:

“In accordance with the law, the organizer has subscribed insurance covering the consequences of their general liability, their attendant and all participants for the various races of the Disneyland Paris Half Marathon weekend. We remind that the organization is neither responsible for participants' bags lockers or their content. It belongs to each competitor to take the necessary measures for preserving his personal belongings.
