

2019 6th Annual **FIRST** National Advocacy Conference

June 23rd-25th, 2019
Washington, DC

This is YOUR opportunity to make a difference in our future!

"I attended NAC to see how a student like myself could actually change and impact legislation and shift the focus of the US Government toward STEM. I learned so much from the training and was so prepared when I met with our elected legislators, that is was really empowering to realize, me, as a student could really make a difference. I gained confidence and a belief in my own abilities while positively impacting every student in America."

Nate Bandt – FRC 1816 – The Green Machine

We invite students and mentors, train them on STEM issues, and then send them out to Capitol Hill to meet with their Senators and Members of Congress. Teams will have a chance to network and collaborate as they prepare for advocacy. Students will leave as globally-minded, confident experts, and Congress will earn a deeper appreciation for STEM initiatives.

About The Conference

To change culture to value STEM, we must get our policy makers in our nation's capitol on board with knowing about and supporting FIRST and STEM in education. If we are not there telling them about our experiences, no one else is! This is a conference consisting of training to prepare students and mentors for meetings with their Senators and Members of Congress in their offices on Capitol Hill.

We will train you in the Do's & Don'ts of these meetings and give you time to practice and organize your talking points so you are ready for the meeting. We will help you navigate around Capitol Hill and be available to help if you need it.

If this is your first year in D.C. or first time meeting with your Senators or Members of Congress, we will focus on relationship building. If you've already formed a meaningful relationship, you will be focusing on advocating for FIRST and STEM initiatives. You will have the chance to ask your school if there are any local issues they would like you to bring forward as well.

Students will gain a tremendous amount of self-confidence as they learn, prepare, and lead meetings with Senators and Members of Congress. Students and Mentors alike are typically enlightened with how their government works and usually take a stronger interest in advocacy in the future.

Additional Travel Planning

Destination Airports: You can fly into any of the three airports: Reagan (DCA), Dulles (IAD), or Baltimore (BWI). Reagan is closest. Dulles or Baltimore may offer cheaper flights, but you may need a Shuttle Service to get from the airport to the host hotel. You should plan to arrive at the hotel by 1pm on Sunday, June 23, 2019 because the training will start at 1:30pm. You can make arrangements to fly out anytime on Wednesday, June 26, 2019 or later.

Destination Transportation: Reagan is the closest airport and is just a quick cab or shuttle ride to/from the hotel. You may also take the Metro from either DCA or IAD. If you plan to ride the Metro, you may want to buy a SmarTrip Metro Card. L'Enfant Plaza is the nearest station to the hotel.

Travel Insurance: If needed, there is optional travel insurance for trip cancellation, travel delay, medical emergency, lost luggage, etc.
